

Sparkler Safety

6 FEET APART

- Stand while using sparklers.
- Stay 6 feet apart with sparklers at arm's length and away from body.

BE SAFE

- Do not hold children while they are using sparklers.

WATER

- Place used sparklers in a bucket of water after enjoyment. For a period of time after use the stick or wire end may remain hot.

ONE AT A TIME

- Do not hand a lit sparkler to someone or light more than one at a time.

SHOES

- Wear closed toe shoes.

DO NOT THROW

- Do not throw sparklers.

SUPERVISION

- Always have adult supervision.

DO NOT RUN

- Do not run with sparklers.

Tips to follow to ensure a fun, safe holiday with fireworks:

- Always read and follow directions from the label.
- Make sure an adult is present.
- Only use fireworks outside.
- Keep water handy- a garden hose and a bucket of water.
- Never experiment with or make your own fireworks.
- Only light one firework at a time.
- Never re-light a "dud" firework (wait 15 to 20 minutes after trying to light it, then soak it in a bucket of water).
- Small children should never have access to fireworks.
- If you aren't using the fireworks right away, it's best to store them in a cool, dry place.
- When the fun is over, dispose of fireworks properly by soaking them in water and dispose of the fireworks in trashcan after 24 hours.
- Never throw or point fireworks at other people.
- Never carry fireworks in your pocket.
- Never shoot fireworks in metal or glass containers.
- The person lighting the fireworks should always wear eye protection and never have any part of the body over the firework.
- Stay away from illegal explosives.
